Echocardiography
Workshop

Invitation to attend

Echocardiography Workshop

The **Heart Failure Society of South Africa** offers 'hands on training' in echocardiography, specifically in methods used for assessing and managing patients with heart failure.

Some of the topics on the tentative program include:

- The normal trans-thoracic echo
- Optimising machine settings
- What is required in an echo report
- Assessment of LV systolic function
- Assessment of diastolic function
- Tissue Doppler and Intra-cardiac Haemodynamics
- Assesment of RV Function
